Canada Owns This

Polymer Corporation Limited, of Sarnia, Ontario, Canada's Crown Company for the making of synthetic rubber, enters its fourth year of operation this month with production rights set on 118,000,000 pounds—an increase of 11,000,000 pounds over the yield for the past twelve months.

The \$50,000,000 plant, with its Horton spheres, towers and pipelines built on 185 acres of what was once an Indian reservation, will produce more and still better types of buna-S, the all-purpose rubber used for tire casings, and of butyl to meet increasing demands of processors at home and abroad and will keep Canada independent of far-away sources of a vital raw material.

Below, strands of butyl, used in making inner tubes of superior wearing quality, are examined by H. Beaton, a Polymer Inspector, as they emerge through the extruder which serves as a strainer to remove foreign matter, and completes the drying process.

Young Peoples Group Formed

A social evening was held last Tuesday evening at the home of Mrs. A. Hancock where a programme was discussed and officers elected for the newly formed Interdenominational Young Peoples Group. This is to be a cooperative effort by the churches to organize a fellowship group which will be enlightening and beneficial to all the young people and to promote the interests of the youth. To all young people interested a hearty welcome is extended to join us next Tuesday evening, October 22nd, in the basement of St. Andrew's church at 5:00 p.m.

Surprise Shower For Bride-Elect

A very pleasant evening was spent at the home of Mrs. Wilbraham on Tuesday, October 8th, when she entertained jointly with Mrs. Madill and Mrs. Montjoy in honor of Miss Aletha Knudson. Miss Knudson was completely taken by surprise when the light was switched on to reveal a room full of friends assembled to wish her joy in her approaching marriage.

A peppy guessing contest kept everyone on their toes and caused great merriment as Mrs. Carter tried to find the name of the local celebrity pinned on her back.

Seated on the improvised throne of honor, Miss Knudson was then presented by Mrs. Madill, with a Silch coffee maker and a pair of sheets on behalf of those present. After the bride-to-be had suitably expressed her thanks and extended an invitation to all present to visit her after her marriage, the hostesses served a delicious lunch.

Life is for most of us a continuous process of getting used to things we hadn't expected.

WEDDING BELLS

A wedding of interest to many of our readers took place in St. John's United Church, Vancouver, September 30, 1946, when Christina, youngest daughter of Mr. and Mrs. W. G. Green, 1300 West 8th Avenue, and Gordon Hoesick Hill, youngest son of Mr. Thomas Hill, 124 East 6th Avenue, and the late Mrs. Hill, were united in marriage by the Rev. A. E. Cooke. Only immediate relatives were present.

The bride, given in marriage by her father, wore a dressmaker suit of pale blue wool, small sequin hat with matching veil, accessories in black plastic and a corsage of gardenias and roses.

Miss Elsie Walker of New Westminster, the bridesmaid, chose a light grey pencil stripe suit with grey felt hat, her corsage was pink carnations and fern.

Mr. Clifford Hayton of Lynn Creek supported the groom.

Over 40 relatives and friends attended the reception at the bride's home where a buffet lunch was served. The rooms were tastefully decorated with garden flowers. The bride's table, laid with hand embroidered linen cloth, was centred by the large wedding cake flanked by tall pink tapers and vases of sweet peas. Tea was poured by Mrs. G. Armstrong, the bride's cousin, while other relatives assisted in serving.

Later the couple flew to Victoria for a short honeymoon at various Island points. They received many handsome and useful gifts for their new home. The bride's fellow workers in the Civilian Personnel office of Naval Stores, tendered her a miscellaneous shower. The entire staff presented them with an English china dinner set and a cast aluminium roaster.

They will reside at Lymmour; the groom is a member of the Engineering and Maintenance staff of the Royal Naval Stores, North Vancouver.

If we don't change conditions in the world they are going to change us

Red Cross To Drive for Funds

Toronto, Oct. 10—Plans for a \$5,000,000 National Red Cross Appeal in the month of March, 1947, for its peacetime work throughout Canada were announced today by Arthur L. Bishop, Chairman of the Society's National Executive Committee.

Decision to hold a campaign in March was made at a recent meeting of the National Executive Committee where it was established that a \$5,000,000 budget represented an absolute minimum of funds required to finance the programme.

In making the announcement, Mr. Bishop stated: "From its great wartime undertakings the Canadian Red Cross Society has emerged at the forefront of its strength. That strength must not be wasted. A wide programme of service to the people of Canada, embracing many important fields of endeavor, has been planned. These plans can become reality only with the whole-hearted support of the Canadian people. We will be counting on that support when the time comes."

It is planned that the \$5,000,000 budget will finance many peacetime services, including a National Blood transfusion Service, the construction of more Outpost Hospitals and the maintenance of those already established, aid to veterans, and other services such as Junior Red Cross, Nutrition, First Aid, Swimming Instruction, and Disaster Relief.

ANNOUNCEMENT

The Doctors of the Wainwright Clinic wish to announce that they have moved to their new offices in the rear of the Wainwright Hotel, Entrance on Second Avenue West. A Doctor from the Clinic will hold office at Darby's Drug Store in Edmonton each Tuesday and Friday. Make appointments with Mr. Darby. (30-10)

To Make Improvements At Public School

The regular meeting of the Wainwright Public School Board was held in the school October 10th, with the chairman Mr. McLeod presiding. There were five members and the school principals, Mr. Smith and Mr. Wilson, present.

The minutes of the previous meeting were read and moved adopted as read by Trustee Huntington. Carried.

Two correspondence letters were read. One from Mr. D. Pawsey, Secretary-Treasurer of the Town of Wainwright, informing the Board arrangements had been made to have 8th Avenue properly graded, but owing to the shortage of cement, construction of sidewalk cannot be undertaken this year.

Mr. Chas. Wilbraham, secretary-treasurer of the Sea Cadets Committee, wrote thanking the Board for the privilege of using the public school space, lights, etc., and requesting privilege be extended another year.

It was moved by Trustee Patterson that the Sea Cadets be allowed to carry on as in previous years. Cd. Mr. Smith reported the high school enrollment showed 115 students attending high school.

Miss Bloom requested the Home Economics room furnished. This will be done during the Thanksgiving holiday.

Mr. Geake asked for new black boards in the typing room. Two black boards obtainable at the Divisional office will be put up in the typing room.

Trustee Callas reported a number of books have arrived for Mr. Cronies use in shop work.

White milk for public school pupils has been cancelled as they are getting chocolate milk regularly.

Fencing around the entire school property will be done as soon as help is available.

Mr. Geake asked to have the lab room readjusted. The furniture will have to be re-arranged and gas pipes moved. Trustee Huntington offered to do the necessary plumbing. Carried.

Mr. Wilson reported 180 pupils attending Public School. Trustee Patterson moved the meeting adjourn.

More Shortening Coming Prices Board Says

Housewives unable to bake pies and cakes because of insufficient shortening will be glad to learn there are substantial shipments of edible vegetable oils on the way to Canada from Argentina according to the Wartime Prices and Trade Board.

A Prices Board official said additional supplies of shortening, derived from the vegetable oil, would be on storekeepers' shelves by November in sufficient quantities to "definitely alleviate the present short supply".

Although Canada produced some shortening from soya beans, sunflower, rape and flax seeds, 65% of this country's requirements were imported. Consequently the quantities of vegetable oils allocated to Canada by the International Emergency Food Council had not satisfied the demands of pastry-baking Canadian housewives.

The policeman did not study music so he didn't know how many beats there was to a bar, but he knew how many bars there were to his beat. Sleep proves you can go eight hours without smoking if you wish.

Funeral Of The Late Mrs. Evans

Ethel Mary, widow of the late Hubert James Evans passed away in the early hours of Thursday, October 10th, at the age of 61. The end came at the Bullimore Nursing home after an illness of some duration.

Mrs. Evans was born at Crouch End, Middlesex, England on the 17th of October 1885 and came to Canada in 1919 arriving at Edmonton October 21st. She was married the same day and began her new life on a farm in the Bloomington district, remaining there until the spring of 1920, when the family took up residence in town.

Always a devoted mother and an ardent church worker, she was also a member of the Old Time Association. She will be greatly missed by a large circle of friends in the community. Her husband pre-deceased her in 1939 and her crippled son died in 1941. She is survived by her son Roy and a sister, Mrs. T. Asstiff of Horney, England to whom deepest condolence is offered.

The funeral took place in St. Mary's Anglican church on Friday, October 11th, at 2:30 p.m., with the Rev. V. Cole of Manville conducting the service. An overflowing church and many beautiful floral offerings of sympathy testified to the high esteem in which the deceased was held. Interment was made in the Edmonton cemetery with McLeod funeral parlors in charge. The pallbearers were Messrs. A. E. Challenger, F. S. Pawsey, F. Alwood, D. W. Holland, A. Pickard and F. W. Darling.

Fiscal tributes were from the following: Mr. and Mrs. T. Shaw & Peggy; The Bailey Families; Girl's Auxiliary & Junior W.A.; Mr. and Mrs. Alf Cooper, Milford and Alice Russell, Mrs. T. Roberts, Marguerite Phillips and Don, Mr. and Mrs. W. Gilbert, Mr. and Mrs. Fritz Alwood, Harry and Lila Scott, The Co-op Store and Staff, The Geddies Family; Mr. and Mrs. E. F. Hallett and Family, Roy and Jennie, Mrs. Golding and Jackson, Mrs. and Mrs. F. S. Pawsey and Ellen, Mr. and Mrs. R. Kingdon and Family, Mr. and Mrs. Fred Darling and Worthy, Old Times' Association, Joey and Gert Miles, The Bullimore Families, Mrs. E. Castle and Family, Mr. and Mrs. Frank Mitchell, Rev. V. Cole and Margery, Mr. and Mrs. P. Phillips, St. Mary's W.A., Mr. and Mrs. H. R. Brown and Graham, Mr. and Mrs. Leo Darby, Mr. and Mrs. B. Craze, Mr. and Mrs. Dud Pawsey and Family and Mrs. A. Sawyer, Edgerton Branch Legion, Mr. and Mrs. Alf Clark, Mr. and Mrs. Alf Challenger, Women's Auxiliary Edgerton Legion, Eve and Mel Nichol, Mr. and Mrs. Geo. Sawyer.

W.A. Organize Junior & Senior Girl Work Group

Miss Arva Stewart, Dominion Anglican Girl's Work Supervisor, addressed the senior members of St. Thomas' W.A. Friday afternoon in the Parish Hall. A social hour was spent over the tea cups after the meeting closed.

On Friday evening two groups were organized, the Senior group under the leadership of Mrs. R. Greer and the Junior under the leadership of Mrs. C. Kennedy with the officers for the group being: Hon. President Mrs. G. Arkwright; President, Ruth Arkishaw; Secretary-Treasurer Ruth May. After the election of officers a social evening of games was enjoyed.

GILT EDGE

Mrs. E. Sheridan and son's Tommy and Jimmie, visited at the home of Kenny and Elsie Harris one evening last week.

The truck drivers are again on the job and we are glad the strike is over as so much cream and foodstuffs were wasted by the hold up.

Mr. Frank Minter held his auction sale Monday of last week and although the day was rather cold, a very large crowd attended and everything sold well.

Mr. Len Minter arrived in Wainwright Tuesday morning from Victoria, B.C. He missed his train in Edmonton and was too late to attend his brothers sale on Monday.

This Missionary Meeting which was postponed last week on account of bad weather, was held this week at the home of Mrs. J. W. Reid in Wainwright with eight members and four visitors present. Miss Farris, deaconess, had charge of the devotional service and Mrs. P. Spad read the Mission lesson. At the close of the meeting Patricia and Adeline Kitchen, dressed as fairies, wheeled in a decorated doll carriage filled with gifts for Miss Elsie Farris, a bride-elect of this month, from the members of the Gilt Edge congregation. A quilted bed spread worked by the Mission ladies was also presented to Miss Farris a gift from the Mission Society. The fairies passed the gifts around for every one to see and later their picture was taken with Miss Farris.

The Welfare Club met at the home of Mrs. A. E. Kitchen Friday of last week in honor of Mrs. P. Minter who is leaving this community to make her home in Victoria, B.C. About fifteen ladies were present. Mrs. Minter was presented with a lovely tray as a token of remembrance from the club. At the close of the ladies meeting, Pat and Adeline gave a party for the Minter children. Their autograph album were filled and all reported a good time.

Mrs. Levi LaFrance is home from the hospital but is still very poorly. Her sister-in-law, Mrs. Johnson, is staying with her and it is hoped she will soon be well.

Mr. and Mrs. Ed. Plaxton motored to Vermilion Thursday returning home the same day. Mrs. Elsie Knott was taken ill Wednesday morning and was taken to the Wainwright hospital for treatment. Her speedy recovery is hoped for.

Mr. and Mrs. F. Minter and family left on Friday for Victoria, B.C., where they will make their future home. We wish them a pleasant journey. Mrs. Minter and children travelled on the train and Frank motored out.

A shower was given for Miss Elsie Farris and Mr. Campbell Tompkins by the community in the Park Hall last Friday evening. A program was rendered and they received many lovely gifts.

EDGERTON
It is good news to know that commencing Tuesday, October 15th, and every Tuesday and Friday following, either Dr. Wallace or Dr. Bradley of

Wainwright will be at the doctor's office in Derby's drug store from 1:30 p.m. until finished. Appointments may be made by phoning the drug store No. 3. It is anticipated that arrangements will be made for the dentist to pay weekly visits.

Deochy English was hurried to the hospital at Wainwright Tuesday for medical aid. Fortunately it proved to be not serious and she is home again.

The Rev. V. Cole and Mrs. Cole were here Friday. He came to take the funeral service of Mrs. Evans.

The Ven. Archbishop S. P. Tackaberry of Edmonton officiated at the service in St. Mary's church today. He was accompanied by Miss Arva Stewart, Regional Girls' Work Supervisor. Miss Stewart met the Sunday School teacher and the young girls and gave a very interesting talk on young people's activities and recreations.

Messrs Gardner and McLean are carrying out the usual inspection routine at the bank.

Geoff Miller and family were visiting at Wainwright with Joe's parents.

The teachers are attending a Teachers' Convention at Wainwright Tuesday and Wednesday.

George Neale of the bank staff left Saturday for the week-end at his home in Edmonton.

Lois Kingston was home from Edmonton for the week-end.

Mrs. May Simmonds from Tofield was visiting at the home of Mrs. S. Boyer.

Bob Phillips who has joined the R.C.A.F. left for Edmonton to take up his duties. The Edger-teen Club had a party and farewell for him and presented him with a Ronson lighter.

HEATH
School Inspector Simonsen visited the school on Tuesday.

Miss Alberta Davis of Wainwright was the guest of Mrs. Reg. Smith for a few days.

On Friday evening a farewell party was held at the Mission Hall to bid good night to Miss Davis who is leaving soon for San Francisco and will journey from there to a mission post in China. Best wishes of the community are extended to her in her chosen work. Two other guests of the evening were also leaving soon are Misses Edith Turnbull and Amy Bouck who are returning to Saskatchewan for the winter term at Bible school.

Mrs. Ough and daughter and Mrs. Clinton Davis were here from Edmonton to spend Thanksgiving with Mr. and Mrs. Smith and family.

Mr. and Mrs. J. Hughes motored to Provost to spend the week-end with the Hughes family there.

Mrs. Bert Ford who has been visiting her daughter at Greenough was the guest of Mr. and Mrs. Jones for a few days.

Miss Kuefler is attending the teachers' convention and Heath school pupils are enjoying a few days holiday.

Harvesting operations have again been seriously delayed by rain and

now and a great deal of grain remains to be threshed causing considerable anxiety to farmers.

Mr. and Mrs. J. Baker were here from Manville to spend the week-end at the sports home.

PELICAN

On Tuesday evening, October 8th, Pelican school was the scene of a gay and festive occasion. The ladies of the district staged a very successful chicken supper as an Armistice celebration for the A.F.U., in honor of the indefinite suspension of strikes action pending further favorable developments. The long banquet table was spread with white linen cloths and loaded with an abundance of chicken, vegetables, salads, pickles and desserts. The surplus was graciously auctioned off by Paul Belk. Lena Belk conducted a raffle on a pair of wall plaques which were won by Ramus Olson.

The supper was followed by the National Film Board show with Mr. Smith from Vermilion as projectionist. Needless to say these pictures were greatly enjoyed by all, and Stanton Murray moved a hearty vote of thanks to Mr. Smith.

To round out the evening, brooms were piled, desks returned to their place and the school house made ready for use next day.

Some improvement the menfolk made in the school kitchen with the new floor, table and shelves. Thanks again for all.

Some of you sharp-shooting duck hunters might take a tip from Mrs. Ole Greibrok. She took the shot gun out one morning and bagged six beauties with one shot!

Despite the showers and snow flurries last Wednesday, Belk's outfit thrashed Moseng's oats and 50 acres of wheat for Olson.

Lena Belk braved the muddy roads and snow storms on Wednesday to take a car load to the Hill Davidson sale, north of Paradise Valley, Hangen, Thorpe and others from Pelican also attended.

The local schools will be closed this week for Thanksgiving on Monday followed by the Teachers' and Supervisors' Conventions.

There will be a free picture show with addresses by Mrs. W. C. Taylor Director of U.F.W.A., and Mr. A. B. Wood, Director of U.F.A., at Pelican school at 8 p.m. Saturday, October 20th. Let's have a good turn-out folks! Please note the change in date.

Miss Constance and Master Miles Murray left for Edmonton by bus Monday morning.

THE FARMERS STRIKE

Peace has at last come to Alberta in the fact that the farmers of the province have seen fit to call off the strike action that they had planned for 30 days. The 30 days have past and now the produce is once again rolling to the elevators, creameries, egg grading stations, etc.

The one big question which looms in the minds of many, and even some farmers is, did the farmer gain anything by his 30 day strike or was it all a radical show to gain publicity.

To answer this question we might be walking on dangerous grounds, as not being farmers, we are least most qualified. However, from our point of view, we fail to see any benefit that has been derived from the strike action and looking far into the future we fail to see anything that might resemble gains that are to directly benefit the farmer.

The Dominion Government has not set up the fact finding board, they have not removed the three cent tax on gasoline, nor to our knowledge done any of the things so requested by the A.F.U.

The Dominion Government did have some sort of a fact finding board set up previously to the strike and now has promised to give further support to the board, which has had little effect in the past, and in all probability have little in the future.

One thing done by the strike action was the ability to show the people of Canada that the farmers are becoming more unionized and are willing to fight for their demands in the future if the need arises. The publicity through the press and radio given to the farmers actions have aroused the feeling that the farmer is to take a more important place in our society.

Another point that the strike action has brought to light is hard feelings. Many farmers and their families have now distrust and even hatred for other farmers and families even in our own community. This is the sad part of any strike when it is not properly organized or when it does not have the complete support of its participants. This is one wound that only time will heal and in many instances throughout the province many moons will have to pass before the scar has healed completely.

In some instances hard feelings were brought to fore between merchants and different farmers although we know of no such case locally. It was rather a difficult process for the merchant to see credit being extended to strikers when cream and eggs were being withheld from the market. The money lost at that time was never to be replaced and yet to hold the customers satisfaction many merchants had to forego this in silence awaiting the day when things returned to normal.

One aspect of the strike now pleasing everyone is that it is over and life has returned to normal in most rural towns. As has been proven in many instances, strikes settle little and in most cases make things worse generally, sometimes financially. We hope this isn't the case of the farmers.

HIGHWAY 14

To the many towns and villages between Edmonton and Chauvin the highway commonly called No. 14, is the life blood of trade. Many years have passed since it was built and in that time there has been very little work or money spent on it with the exception of grading.

This year the Provincial Government did see fit to gravel the stretch from Edmonton to Bruce, a distance of 80 miles, but unless pressure is brought to bear there is always the possibility that they might forget the remaining distance, hence we will have to travel over worse roads than we experienced this year.

We have no knowledge that they intend to neglect this remaining piece of road, but action should be started at once to bring this point to the government's attention so that it may be placed in the next years estimates. The same provincial government through its various licensed agencies collects a good many dollars from the people living on this road. To safeguard that revenue they should realize that highway 14 is an important link in the highway network for the eastern part of the province.

We are not asking for any hard surfacing, but a good all weather road that is gravelled and maintained. By maintaining we mean properly maintained. There has been little complaint when the road was maintained in dry weather, but many of us have had the experience of travelling over the highway in wet or rainy weather and have found to our surprise the grader man on the road when it was pouring rain. This may be the proper procedure but to us it looks rather foolish to see the mud building up in front of the blade and roll off to one side.

If there is a shortage of maintainers to go around why could not War Assets be contacted and more purchased. This would place more maintainers on the road, each covering less distance each trip but making more trips.

It is rather far from funny when driving along the highway dodging pot-holes, some of them as big as dishpans.

If town councils and boards of trade from Bruce east to the border were contacted to help in presenting this case before the government authorities it might assure that we will have a regavelled road next spring.

After all, the 7c a gallon tax on gasoline should do more for us than continually repaving the highway between Edmonton and the American border.

We feel quite confident that our M.L.A., Mr. W. Mason, will not turn deaf ears on any plea that might be presented to him to represent to the government. The one big point is, it has to be done in the near future, so the government can budget for the expenditure.

Hints for the Household

GRAPE NEAPOLITAN

- 1 tablespoon gelatine
- 1 cup cold water
- 4 cups blue grapes
- 2 cups boiling water
- 1/2 cup sugar

Few drops of green vegetable colouring.

Soak gelatine in cold water. Wash grapes and press pulp from skins. Add 1 cup boiling water to the pulp, cook 5 minutes. Rub through a sieve to remove seeds and to the pulp add 1/2 cup sugar and soaked gelatine; stir until gelatine is dissolved and add green colouring. Cool until it begins to set. Beat until light, turn into a wet mould and chill until firm. To the skins add 1 cup boiling water; cook 5 minutes and add 1/2 cup sugar. Cool. To serve, unmould the jelly pulp. Serve with the sauce made from skins. Six servings.

AN APPLE "DELIGHT"

Apples are on the market. To celebrate their return you've probably already made apple sauce, baked apples and apple pies. Now try apple cobbler and you'll have another apple specialty that really is a "super" dessert. Here are the directions—in full.

Apple Cobbler

- 2 cups sifted flour
 - 2 teaspoons double-acting baking powder
 - 1/2 teaspoon salt
 - 1/2 cups butter or other shortening
 - 1/2 cup milk (about)
 - 4 to 6 medium apples, thinly sliced
 - 4 tablespoons granulated sugar
 - 1/2 cup brown sugar, firmly packed
 - 1/2 teaspoon cinnamon
 - 1 tablespoons butter or margarine
 - 1 tablespoon vinegar
- Sift flour once, measure, add baking powder and salt, and sift again. In shortening, add milk gradually, stirring until soft dough is formed. Turn out on a lightly

floured board and knead 30 seconds, or enough to shape. Roll 2/3 of dough into strip, 2 inches wide and 1/4 inch thick; line sides of 8 x 8 x 2-inch pan, fitting closely into corners.

Arrange apples in pan and sprinkle with mixture of sugars and cinnamon. Dot with butter. Add vinegar. Roll remaining 1/3 dough 1/4 inch thick; with sharp knife make slits to permit escape of steam. Fit over apples, pressing edges of dough together with fork dipped in flour. Bake in hot oven (450°F.) 15 minutes; then reduce heat to moderate (350°F.) and bake 40 to 45 minutes longer; or until apples are tender. Serve plain or with cream, or sprinkle with powdered sugar. Makes 8 servings.

HAVE JELLY "ON HAND"

Remember the dark days when supplies of homemade jams and jellies were conspicuously missing from the pantry shelf? Fortunately homemakers no longer need worry about this situation—even though sugar continues scarce. For this year, countless women have learned to rely on a group of small quantity recipes that have been developed to make timely use of seasonal fruits.

So, while grapes are obtainable, why don't you, too, try a recipe of this type? The one given below, for example, makes five glasses of that most popular of all sweet spreads.

Grape Jelly

- 2 1/2 cup juice
- 3 1/2 cups sugar
- 1/2 cup bottled fruit pectin.

TO PREPARE THE JUICE: Stem about 1 1/2 pounds fully ripe grapes and crush thoroughly. (Concord grapes give the best color and flavor.) Add 1/2 cup water; bring to a boil and simmer, covered, 10 minutes. Place in jelly cloth or bag and squeeze out juice. Measure 2 1/2 cups juice into a large saucepan.

TO MAKE THE JELLY: Add sug-

ar to juice in saucepan and mix well. Place over high heat and bring to a boil, stirring constantly. Add pectin at once. (Scrape all pectin from measuring cup.) Then bring to a full rolling boil and boil hard 1/2 minute, stirring constantly. Remove from heat, skim, pour quickly into glasses. Paraffin at once. Makes about 5 six-ounce glasses.

TOMATO EGGPLANT BROIL

- 1 medium egg plant (about 5 to 6 inches in length)
- 2 tablespoons fat, melted
- 3 to 4 large tomatoes
- Salt, celery salt and pepper to taste

Grated nippy cheese
Slice eggplant in 1/2 inch slices and peel. Brush slices on both sides with melted fat. Sprinkle lightly with salt and pepper. Preheat broiler to 400°F. Place slices on rack and broil on one side until lightly browned, about 5 minutes, turn and broil on other side until tender. Top each slice with a thick slice of tomato, sprinkle with celery salt and a teaspoon of grated cheese. Return to broiler and broil until cheese melts. Serve at once. Six servings.

HOMemade COOKIES

Eating habits have changed during the years but the aroma of baking cookies is just as tantalizing to the modern child as it was to Grandpa when he was a boy.

So, may I call to your attention this recipe for unusual home-made cookies, rich in calories, and particularly tasteful—which call for only a half cup of sugar to make thirty cookies of generous size? Try it and fill your kitchen with the aroma that never fails to bring exclamations of delight.

FARMING NOTES

SAWFLY RESISTANT WHEAT

Many farmers have been enquiring about where they could obtain some of the new sawfly resistant wheat called Rescue. This information may be obtained by writing to the Dominion Experimental Station, Scott, Sask. In 1947, Experimental Farm cereals began a breeding program with the object of obtaining a wheat which would be resistant to sawfly. A New Zealand wheat which had a solid stem and was resistant to sawfly damage was crossed with Apex, a good rust resistant Canadian wheat. This New Zealand wheat had every bad characteristic which one would not wish for in a good milling wheat. However, it had sawfly resistance. So the work of transferring its sawfly resistance and not its undesirable characteristics to Apex was begun. Many years of selecting and testing followed. Finally, in the spring of 1946, 7000 bushels of a sawfly resistant wheat which possessed fair quality was released for increase. This increase has been undertaken by district sub-station operators and co-operating farmers within the sawfly infested area.

Because it is desirable that every one wishing some seed of this sawfly resistant wheat obtains it, each applicant will be limited to a ten bushel quantity at \$2.00 per bushel plus the cost of bags and freight if shipped.

It is hoped that in two or three years enough of this wheat will be available to meet the demand of areas where sawfly has caused farmers not only considerable losses, but has even forced them to go out of the production of wheat entirely.

This new wheat variety called Rescue, developed by the Dominion Experimental Farms system, may in truth rescue some 18,000,000 acres of wheat land in Saskatchewan and southern Alberta.

Rescue is not all that we could wish for, but is a beginning in defeating the sawfly menace. From data so far available, it is slightly later than Thatcher and will yield slightly below Thatcher under sawfly free conditions, but definitely more under sawfly epidemic conditions. It is rust resistant, possesses a good kernel and is supposed to grade no better than No. 3.

IMPORTANCE OF ANIMAL PROTEIN IN HOG FEEDING

Protein is one of the essentials in a good swine ration and one that is frequently skimped. The main consideration in making up a balanced ration for pigs is to incorporate the highest levels of protein. The commonly grown farm feeds, including the cereal grains, are low in protein. Therefore, a ration restricted to the cereal grains would furnish insufficient protein to meet the requirements of growing pigs, pregnant sows and sows nursing litters. The protein content of these grains is not suited to the needs of animals that grow rapidly, says H. E. Wilson, Dominion Experimental Station, Lacombe, Alberta.

A bacon type hog with its good distribution of lean meat requires a

plentiful supply of protein feed. The use of protein supplements will save considerable quantities of grains as well as insuring a market hog of superior quality. The provision of protein-rich feeds, particularly during the early life of the pig, speeds its growth and at the same time has an important effect on the proportion of fat to lean in the pig when it reaches market weight. It should also be kept in mind that too low a level of this nutrient in the diet fosters a general lowering in the thrift of the rapidly growing pig thus lowering his resistance to disease and parasitic infestation.

Pregnant sows should always receive a good supply of protein, as rations lacking in this muscle-building food are likely to produce small litters of weak pigs. Pregnant brood sows are apt to suffer from lack of protein in their feed more perhaps than any other kind of farm animals. One reason for this is that in producing two litters of pigs per year a great demand is made upon the protein supply of the mother's body.

Oats, barley or wheat without the addition of any other feed is not a suitable feed for a nursing sow. It is imperative that the protein content of the ration be maintained at a high level in order to support milk flow. Nursing sows require rations of higher protein level than dry stock to meet the needs of lactation.

Because of the fact that pigs will eat almost everything supplemental protein material of animal origin, skim milk, buttermilk, tankage, meal meal, fish meal or a commercial concentrate in which the animal proteins are prominent are favored as supplements. From the standpoint of nutritive properties the products of animal origin are much superior to those from a plant source, such as alfalfa meal, linseed oil meal or other protein-rich vegetable products. However, products of vegetable origin can be used in mixtures in conjunction with proteins of animal origin, with particularly good results. Milk is still the best single protein supplement and the pig raiser who has an adequate supply, has a big advantage in producing economical and healthy pigs. When enough skim milk or buttermilk is available there is little necessity for the purchase of supplemental feeds.

The results of tests conducted at the Experimental Station, Lacombe, show that protein feeds have their greatest value immediately after weaning. The need for protein is greater in young pigs than in the case of those which have reached the finishing stage. Once the framework has been constructed, feeds of a more fattening nature may be used so that the final product will carry enough fat to tenderize the lean meat and make it palatable.

JAPANESE SAIL FOR JAPAN

Another party of Japanese who have been living in Canada have sailed for their homeland, it was announced by A. MacNamara, Deputy Minister of Labour.

Numbering 523, these people sailed on the S.S. "Mare Pacific" from Vancouver, bound for Yokohama. The sailing was delayed for 24 hours, however, to allow the ship to take on, marine strike-bound passengers from Seattle.

This is the fourth sailing of this type, which brings the total of Japanese who have left Canada to approximately 3,723.

THE BLESSINGS OF FREER
TRADE

Mr. Hugh Dalton, Chancellor of the Exchequer for the British Labour Government, on September 24th, informed a press conference at Ottawa that Britain was anxious to get multi-lateral world trading established at the earliest possible moment. He believed, he said, in much freer world trade.

On August 16th, before the Paris Peace Conference, the Honorable Mr. Alexander, one of Britain's official delegates to that Conference, stated the firm opposition of the British Government to bi-lateral trading between individual countries, which he said, was restrictive in nature. Here Mr. Alexander too expressed himself in favour of multi-lateral trading and freer international trade.

This is all mighty good news for our prairie farmers to hear, for the simple cold fact is that there does not exist anywhere in the world a group of three million people, living and working in one farming area, who depend so much for their prosperity on freer international trade as do our prairie people, or who stand to be harmed so much by these vicious bi-lateral trade agreements. We can hope, therefore, that the bi-lateral trade agreements which Britain has already made are merely temporary expedients, and that they will be abrogated as soon as freer international trade can be set up in this sad complex, worried economic world. In the meantime, Canada could well set an example by lowering her own tariffs against British and foreign goods.

WARN CAR DRIVERS OF DEADLY FUMES

Guard against the dangers of deadly carbon monoxide. That appeal has been made to motorists by the Alberta Motor Association.

Now that the cold season is approaching, there is need of taking every care to protect car drivers and occupants against gas fumes, which take such a heavy toll every year.

It is generally recognized that many old cars still are operating on the highways. In these vehicles the hazards of carbon monoxide obviously are greater than with later models.

When running the car engine in a garage on a cold morning to warm it up before starting on a trip, make certain that one or more car windows are open to admit fresh air. See that means have been provided to counteract poison fumes.

When you visit your bank these days you are likely to see faces you have long missed — members of our permanent staff back from active service. Almost five thousand are "back on the job" while others are recovering from wounds and others are still with the forces.

These gallant men who left the banks to enlist and have come back have shown themselves to be alert, self-reliant, eager to get on with the business of living.

Some of them have been away for five years or more. Many have won distinction. All have acquitted themselves with honour. All are welcome back.

In your bank these men find appreciation, security and opportunity for advancement. Our plans for them express our sincere desire that, in banking service, they may find ample scope to make their further contribution to this nation's security.

(Too late for last week)

The September meeting of Sunnyvale U.F.W.A. was held at the home of Mrs. Drury. There were 11 members and three visitors present.

The president, Mrs. Ford, was in the chair. The roll call was answered by giving ideas on "How to treat the common cold." This brought forth many valuable ideas.

It was planned to ask Miss Rodney, District Home Economist, to give a demonstration early in November. It was decided to invite Mr. A. B. Wood to speak at the Silgo school on October 24.

Mr. Thornton, U.F.A. publicity director, will bring the U.F.A. sound motion projector, and Mrs. W. C. Taylor, U.F.W.A. director will also speak this evening will be sponsored jointly by Sunnyvale U.F.W.A. and Silgo U.F.A.

The secretary, Mrs. A. J. Patterson reported the completion of the layette. Plans were made to provide another layette if necessary. Five of the new U.F.W.A. cook books were sold. Mrs. Empay's thought for the month was "The highest thing in the world is to live in harmony with God."

After the meeting a social hour was enjoyed over the tea cups and a delightful lunch. The October meeting will be held at the home of Mrs. Frank Redmond.

ANSWER TO LAST WEEK'S

Snakes are not charmed by music. The only effect of music on a reptile is to arouse its curiosity. It protrudes its head from its burrow merely to see what the "noise" is. The trickery of traditional "snake charm" consists in using tame snakes. Popular fallacies.

Pyrowarn Fire Device

ACCLAIMED BY AUTHORITIES

Provincial fire commissioners are acclaiming the invention of W. McEwen of Edmonton, who has perfected a device for preventing fires in the home.

It is a tiny instrument not as wide as a 12-inch ruler, technically described as a mercury switch, which operates a warning bell when there is an excessive rise in temperature.

According to McEwen the switch can be set up in any room of the home. Bells are placed in sleeping rooms to arouse the family in case of an outbreak of fire.

The device is now being marketed by the inventor.

We are local agents for the above. We will gladly demonstrate.

New Homes For Old

LOW-COST PERSONAL LOANS
ENABLE MANY TO IMPROVE
THEIR HOMES

Many people who have put off im-
provements and repair work on their
homes throughout the war are now
undertaking the work, rebuilding, re-
decorating, buying new furnishings,
new appliances and generally im-
proving their properties.

In many cases, the Bank of Mon-
treal is giving ready assistance with
low-cost Personal Loans, making
possible the immediate cash purchase
of materials and essential household
articles.

To anyone with a regular income,
who is in a position to repay, the
Bank of Montreal is glad to lend
money for all useful purposes. The
rate is surprisingly low... 27c a
month for a \$100 loan, repayable in
twenty monthly instalments. You may
borrow smaller or larger sums for
shorter or longer periods; the cost,
equal to 6% per annum, is proportion-
ately the same. There are no hand-
ling charges, no deductions, no
extras.

See Mr. Smith, manager, of the
Bank of Montreal, who will be glad
to talk your plans over with you.
You will realize then that "When you
ask for a loan at the B of M you do
not ask a favour."
—ADVT.

\$SHEEPSKIN FLATS\$

Mrs. Sheridan visited on Sunday
with Mrs. Jimmie Templeton.

Miss Audrey Gaudinier spent the
week-end at home with her parents,
Miss Dorcas, McLean spent the
week-end with Miss Sharon Myer.

Miss Jean Rasmussen left last
week for Boston Bar, B.C., where she
has secured a position.

Mr. Len Minter of Victoria, B.C.
was a visitor in the district last week.

Miss Helen Dalton spent the
Thanksgiving week-end at home with
her parents.

A shower was held on Friday even-
ing at the Park Hall in honor of this
month's bride and groom, Miss Edna
Ferras and Mr. Campbell Templeton.
Many beautiful presents were re-
ceived and everyone had an enjoy-
able evening.

EXPLORERS NOTES

The meeting was opened with a
hymn after which Joan Mockford
read a piece out of the bible, Naama
Mockford read the minutes of the
last meeting and we answered the
roll call. We then took up the busi-
ness and planned to have a hallow-
een party on Friday, November 1st
in the church basement. Then we
played a few games and closed the meeting.
